

They know that is most important to expose children to learning through a positive and stimulating environment, than forcing kids to learn with a very rigorous method. In addition, your child will be involved in many cultural activities such as Halloween Parade, Christmas Performance, and Summer Camp.

Finally, Kiddy Tyme has a qualified and caring staff. The staff is very well prepared to attend our children as if they were their parents! Teachers and other staff members are very proactive and always seek for new activities to make learning exciting. Teachers will always explain to you about your child's day, what he, or she learned during the day; they will tell you about behavior and how to support your child at home; and they will watch for your child to eat well. I feel they really care for my son and the other children enrolled in the learning center.

Without any doubt, Kiddy Tyme is the best option for parents seeking for a place where their children would be learning in a safe environment, where children would have love and praise, and will become the most important part of the learning center. I highly recommend Kiddy Tyme to be part of your child's life!

Sincerely,
